

# MAXI RIM

## MINIMALISMO E POTENZA LUMINOSA.

La purezza e la perfezione della luce trovano perfetta rappresentazione in Maxi Rim, apparecchio da interni a scomparsa totale in Coral® per l'installazione a soffitto di cartongesso o laterizio, la cui forma circolare si integra negli ambienti con eleganza. Un cerchio luminoso caratterizzato da un vetro satinato che genera un fascio di luce netto e concreto, come un faro che guida alla scoperta dello spazio costruito, delicato e allo stesso tempo deciso, dando vita a scenografie ogni volta diverse.

## MINIMALISM AND LIGHT POWER.

*The purity and perfection of light are perfectly represented by Maxi Rim, a totally disappearing indoor recessed luminaire, made of Coral® and installable on plasterboard or brick ceilings. It has a circular shape which elegantly integrates itself with the surrounding spaces. A bright sphere in satin glass which creates a neat and concrete beam, like a headlight guiding to the discovery of architectonic spaces, in a delicate yet sharp manner, giving life to ever new light settings.*
